

BBSI-Southern Oregon Affiliation and Member Benefits

BASO is pleased to announce a new member-benefit program with BBSI-Southern Oregon for payroll processing, retirement benefits, human resources consultation, risk/safety management, and business strategic planning. This Preferred Provider offering will help guide you through the myriad of regulatory requirements placed on employers, freeing you up to manage and build your business.

BBSI's <u>myBBSI</u> technology solution provides business owners with more insight into their payroll expenses, providing tools that make job costing, certified payroll, payroll and G/L reporting an ease, while integrating seamlessly with QuickBooks, BuilderTrend, and other business finance systems and tools. Contractors will especially appreciate the mobile phone tools that allow your employees to clock in/out on jobsites with geolocation confirmation, and your ability to approve and adjust time remotely. By pairing you with a local support team of professionals who get to know you and seek to understand your business challenges, BBSI-Southern Oregon will help you to shape your vision for success and support it with consulting services in the areas of risk and safety management, human resources, and business strategy planning.

Product and Service Offerings:

Payroll Management: Your dedicated Payroll Manager is committed to giving you more time by making sure that your employees are paid efficiently, accurately, and on-time, every time! They will assist you with employee mobile time clocking, job costing, certified payrolls, easy new employee onboarding, payroll and G/L reports, employee self-serve access for paystubs and W-2's, and implementing a retirement benefits program.

Risk and Safety Management: Your BBSI Risk Manager will help you to identify and put into place preventable practices to improve workplace safety and productivity, including assisting with OSHA consultation and/or compliance reviews, modified job duty, EAIP assistance, injury management, and providing worksite safety coaching/training.

Human Resource Consultation: Your SHRM-certified HR Manager will work with you to ensure that your business is in compliance with all Oregon labor laws and industry regulations so that you can focus on running your business and avoid costly litigation/penalties, including hiring/termination practices, ORST Sick Leave, Oregon Saves, and COVID-19 workforce management protocols.

Business Strategic Planning: Your Business Partner is your personal business consultant who will listen to your vision, help you analyze your business holistically, and create a "living" business blueprint for your success – a value-added business consulting service that can typically cost business owners thousands of dollars more. As the leader of your dedicated BBSI-Southern Oregon support team, your BP will also ensure nothing less than top-notch service.
